There is every indication that immediate and costly improvements are to be made on the plants of the Tennessee Coal and Iron Company, at Birmingham. Ala, and that a steel mill will be erected at Thomas. The merged syndicate which recently bought the controlling interest in the Tennessee company has been making a thorough inspection of the properties of both the corporations mentioned.

The Commissioners baseball team, which won the championship of the District last year will reorganize again this season with about the same personnel as last year and a few new men who have since 1905 made their appearance into professional ranks.

The management of the club has almost completed the schedule which will be better this year than even before. Among the teams with which games will

The report of the Chesapeake and Ohlo yesterday added another to the already long list of favorable railroad earnings reported recently. February gross increased \$520,438, and net \$339,855. Gain in eight months' gross was \$2,499,446, and in net for the same period \$1,502,163. The earnings of this road are showing up better than at any time in its history, making for the belief that the directors may decide to increase the dividend distribution to stockholders. A 3 per cent rate is talked of. It is estimated that the road is earning 6 per cent on its common stock.

The sentiment among the carease the dividend distribution to stockholders. A 7 per cent rate is talked of. It is estimated that the road is earning 6 per cent on its common stock.

The sentiment among the members of the Produce Exchange of New York city, as expressed by the post card vote on the subject of leasing part of the exchange floor space to the Consolidated Exchange is one of disapproval. The poponents of the project contend that the rental at \$30,000 a year would be only a matter of \$15 per capita, and that would not reimburse them for the annoyance that the disconnection of the Stock Exchange wires would occasion.
